WORK EXPERIENCE

Trugo Technologies - Frontend React Developer

July 2023 - Present

IT Solutions & Services Startup | Salem, Tamil Nadu - 636004

- Architected and delivered 8+ production-grade admin dashboards with dynamic filters, real-time analytics, and data tables, used by 100+ end users across client deployments
- Built a reusable React component library (30+ components) that accelerated UI development across teams and ensuring design consistency
- Implemented Context API-based state management for complex workflows, improving data flow predictability and reducing unnecessary component re-renders through memoization
- Integrated REST APIs with dynamic nested data rendering and multi-level filtering, minimizing frontend-backend contract mismatches
- Optimized performance using memoization, lazy loading, and code splitting, improving load times and Lighthouse scores
- Designed healthcare UI flows including doctor dashboards, patient intake forms, and booking platforms
- Developed **fully responsive, mobile-first layouts** ensuring cross-browser compatibility (Chrome, Firefox, Safari, Edge)
- Actively participated in **Agile (Scrum) ceremonies**, consistently delivering features within sprint timelines
